radish

wheat

Draw a food that is not already in the picture.
Is it a root, fruit, seed or leaf? Is it a stem or a flower?

your name: _____

Write the names of 5 or more roots, fruits, leaves & seeds. Which foods are stems, flowers, bark or other plant parts?
Which plants have more than one part that can be eaten? (like pumpkin, you can eat the leaf, flower, fruit and seed).

roots

fruits

leaves

seeds

stems,
flowers
or other plant parts
